COVER - BENJAMIN RODMAN HOUSE, 50 SECOND STREET.

THE ONLY WATERFRONT MANSION STILL STANDING
WAS BUILT IN APPROXIMATELY 1820 BY BENJAMIN ROD-
MAN WHO WAS ONE OF THE FOUNDERS OF THE NEW
BEDFORD INSTITUTION FOR SAVINGS. THE MANSION IS
BUILT OF FITTED GRANITE BLOCK. THE PORTICO WHICH
WAS ON THE ORIGINAL NOW HAS BEEN RESTORED AND
IT WAS HOME TO THE RODMANS UNTIL 1872. BY
1890, THE ONCE PROUD DWELLING WAS COMPLETELY
ENCLOSED AND HIDDEN BY STORE FRONTS AND ITS
INTERIOR WALLS WERE REMOVED TO MAKE IT AN
OPEN WAREHOUSE. THE MANSION WAS VACANT UNTIL
1965. CATHERINE CRAPO BULLARD EXPOSED THE
BUILDING BY TEARING DOWN THE UGLY ADDITIONS
AND RESTORED THE EXTERIOR. IN 1976, THE GLASS
SOCIETY PURCHASED AND RESTORED THE INTERIOR.
IT TOOK 2 YEARS. IT IS NOW THE NEW BEDFORD
GLASS MUSEUM. HISTORIC TREASURES, MADE IN
NEW BEDFORD, ARE ON DISPLAY HERE IN A MANSION
LITERALLY SAVED FROM OBLIVION BY AN ACCIDENT
OF LOCATION AND UTILIZATION.

Selectmen's Meeting

ROBERT MOORE RESIGNS

Selectmen read a letter from Sgt. Robert Moore resigning from the Mattapoisett Police Department effective July 30, 1981. He requested a leave of absence from June 1st to July 30th to allow a period to arrange medical insurance for his family. Moore did not give a reason for the resignation in the letter. He requested and received a demotion at the previous meeting from Sergeant to Patrolman after Selectmen had appointed James Santos Lieutenant in a 2 to 1 vote. Selectman James Huntoon had proposed and moved Moore's appointment as Lieutenant citing his outstanding 14 year record in the police department, his educational background and seniority as reasons for advancement. (Huntoon was not present at this week's meeting.)

Selectman John DeCosta said that he was sorry to see Bob Moore leave the force. He said that he had done a good job and he would like to see a letter of appreciation sent. He moved that the town grant a 60-

day leave of absence as requested. It was voted.

Following the vote, Selectmen read a recommendation from Lt. James Moran recommending that his brother Donald Moran be appointed Sergeant to fill the vacancy left by the Moore resignation. It was voted to appoint him. He is a 20-year member of the department and a 4-year regular man.

Chairman William Hubbard then read a letter by Margaret Foster in which she said that a rumor had been going around that Sgt. Robert Moore had been passed over for promotion to lieutenant because the Selectmen had yielded to an outside influence. Chairman William Hubbard declared that any such rumors are completely false. He stated that in the entire 9 years that he has served

STABLE COMPLAINT

Betty Trow asked Selectmen to check for violation of the zoning by-laws she alleged was causing a nuisance on North Street. Jonathan DePina, building inspector, backed Mrs. Trow's complaint about a tool shed being used as a stable at the edge of the Trow property. He said that the home in question is now being advertised for sale as having a 2 stable barn and the owner says that horses have always been kept there. DePina said that this is not fact and that a cease and desist order is the only alternative to halt the violation.

SICK LEAVE BUY BACK

Selectmen approved a sick leave buy back of \$5,000 from retiring Chief of Police Duane Tuttle.

SHELLFISH SEEDING

Selectmen voted to open the west side of the Shining Tides shellfish grounds and close the east side effective June 1st. This action was by request of the Shellfish Warden to allow the seeding of the east side.

Police Association presented by Police Chief Warner of Middleboro; the other from the Plymouth County Police Chiefs' Association presented by Police Chief Orr of Carver.

Mattapoisett Selectman John DeCosta presented a Certificate of Appreciation for Chief Tuttle's 33 years of service to the Town of Mattapoisett.

From Police Chief Tuttle

After thirty-one years as a police officer in the Town of Mattapoisett, the time has come for me to retire. During this time, many changes have taken place in the town and in the Police Department itself, but one thing has been constant - we have had a great town with a good Police Department.

I am proud to have been associated with the members of the Police Department. As I have said before, in a small town there is a special relationship between members of the department. In the past when a member has left the force or retired it was almost like losing a member of the family. Now I feel as though I too am leaving the family.

I would like to express my thanks to friends who planned and attended the fine retirement party in my honor. Thanks also to members of the past and present Board of Selectmen and members of other town departments who have been so cooperative

and helpful. A special "thank you" to the men and women of the Police Department for being the good gang they are.

Finally, thanks to all of you in the town for your support and cooperation. It has

Children's Museum

SATURDAY PROGRAM - JUNE 6

A very important demonstration will be given at the Saturday Afternoon Program on June 6th. North Dartmouth's District 3 Emergency Medical Trainers will be on hand to give of their time and tell us about first aid. Children and adults, no matter what age, should know the basics of first aid in the event of an emergency situation. The demonstration will be given in the Museum barn at 2:00 p.m. and the program is open to 5 year olds and up.

Come meet North Dartmouth's Emergency

Medical team with any questions you have ever had dealing with an emergency. First aid is often something left to others. The Museum offers an opportunity for the whole family to learn basic first aid procedures. The program is also open to scout groups. There is a small charge for non-members. FIELD WALK - JUNE 6, 7:30 P.M.

June is a special time to walk through the woods at night. Spring has brought all of the natural world back to life and as the day turns toward evening, the nocturnal world comes alive. New England has a variety of nocturnal wildlife. Owls, bats, skunks, raccoons, mice, peepers, and maybe an occasional Mockingbird share the evening air. Stars and plants are also available on the celestial screen. Come join us for our Spring Nite Hike. Free to all. Flashlights with red cellophane and insect repellent are recommended.

WNBH, is celebrating its 60th year starting May 21st.

HISTORY OF WNBH

WNBH began its life under the call letters WDAU. It was founded by the famous 'ham' of radio, Irving Vermilya of Mattapoisett, proud possessor of U.S. amateur license No. 1. Vermilya was a co-worker and a friend of then big names in radio.

It may not be generally known that the call letters of WNBH were adopted in connection with one of its early progressive steps the moving of the studios to the New Bedford Hotel. The last three letters of the now well-known station represent the

initials of the hotel.

WDAU back on May 21, 1921, was licensed to Slocum and Kilburn, former mill supply firm and was housed in that firm's building at 23 North Water Street as part of its "radio department". The building has since been razed.

WDAU consisted of a transmitter, built by Vermilya and Fred Stock of New York and a phonograph. Both were former em-

ployees of the Marion wireless station. It was housed in a third-floor rear stock-room, looking out on the walls of the Old Dartmouth Historical Society. It shared the room with assorted packing cases.

The 50-watt transmitter was built on a rack. The phonograph, which stood on a table, was played into a microphone. Broadcasting took place whenever Vermilya had the time to jockey his discs. As manager of the radio department, it was more important for him to wait on his customers for radios and parts.

On January 9, 1924, WDAU became WBBG, with headquarters in the home of Vermilya

The change of ownership came about in 1934 when WNBH was transferred to E. Anthony and Sons, Inc. Vermilya still continued on as general manager.

July, 1933 WNBH moved from the New Bedford Hotel to the New Bedford Theatre Building. December of 1939, WNBH moved to yet another studio on the third floor of the Cushing Building.

In December of 1940, modern and unique transmission facilities had been erected on Crow Island, marking WNBH as the first station in the United States to be erected on a salt-water island. This move made possible utilizing a salt water underground system known to be highly effective from a signal propagation standpoint.

The facilities of WNBH have been supplemented by the addition of frequency modulation. Station WFMR, WNBH's FM sister station, which went on the air December 9, 1946 was the first FM station to be es-

In 1951 an ultra modern facility was built and opened housing WNBH and WFMR on the corner of County and Union Streets in New Bedford. Over 1000 persons viewed the opening of the station which featured guest star Patti Page.

PERMIT SOUGHT FOR FAIRHAVEN WORK

John Medeiros is seeking permission from the New England Division, U.S. Army Corps of Engineers, to perform work in the Acushnet River at Fairhaven. Approximately 2,000 cubic yards of fill would be placed in a 0.34 acre area in conjunction with the construction of a 24 foot wide roadway.

The application was filed with the Engineers in compliance with Section 10 of the River and Harbor Act of 1899 which provides for federal regulation of placing obstructions to navigation and in dredging from waters of the U.S. and Section 404 of the Clean Water Act of 1977 which regulates the discharge of dredged or fill material into U. S. waters.

To assist in evaluating the proposed work, the Engineers are soliciting comments. Written statements should be forwarded to their office no later than June 8, 1981. Additional information may be obtained by contacting James Law at the New Eng-

consultant during the planning stages. The building provides for the secure housing of 30,000 volumes or printed books and 1,500 linear feet of manuscript material. Provisions for map and chart cabinets and storage for the Society's collection of 18,000 glass and film negatives are also included. A suitable reader's room, adjacent to card catalogues and librarian's office, promises greater accessibility to the collections, while insuring their security.

Other features include a system of air filtration and temperature and climate control. George C. Cunha, Director Emeritus of the New England Document Conservation Center, served as consultant in designing this unique climate system. A conservation laboratory, photographic studio and darkroom, conference room and terrace, and an elevator access and facilities for physically handicapped are some of the additional features of the building.

The receipt of a two year grant from the National Endowment for the Humanities will enable the Old Dartmouth Historical Society to hire an archivist and two cataloguers who will organize and catalogue for use the manuscript collections. Volunteers trained by Mrs. Adams will assist in some of the work.

YOUTH SWIMMING LESSONS

No one is drownproof, but you can improve your odds for survival if you know how to swim. With summer just around the corner, now is a great time for your youngsters to learn. At the New Bedford YMCA we are offering swimming lessons for children between the ages of 6 - 16. Lessons will be held on Tuesday mornings starting June 23rd at 10:30 a.m. for 1 hour intervals for beginners, advanced beginners, intermediates and swimmers. To determine what class your child would be in the "Y" has a test date on June 15 from 3:30 - 5:00 p.m.

The YMCA is the best place to learn how to swim for children as well as adults and it's really a great idea.

For any additional information, please call the YMCA at 997-0734.
